

Our Mission

Artlink exists to inspire and enthuse people to become involved with the visual arts. We create opportunities through a dynamic programme of participatory classes and courses, exhibitions and public projects. Artlink supports interests from the wider community, groups and artists, and professional artists facilitate all our programmes. Artlink maintains two Studios, a Darkroom, a ceramics facility, a library and archive, a digital imaging suite and an exhibition area within Tullyarvan Mill Buncrana. At Fort Dunree Artlink runs an innovative contemporary exhibition programme with an emphasis on international and site specific projects.

Artlink and Community

At Artlink everyone is welcome, from all ages and backgrounds, groups and organisations, beginners and those with some experience in the arts. We believe that access to the arts and encouragement of individual creativity is of benefit to the entire community.

Artlink and Artists

Artlink works with professional visual artists as facilitators in all our activities and we are always interested in meeting new practitioners and receiving proposals. Artlink is creating a forum for artists to meet and have access to a range of supports, including hire of facilities and equipment. Artlink creates links with artists locally, nationally and internationally, and our exhibition programme is focused on both developing an audience for the contemporary visual arts and showcasing the work of participants on Artlink courses and projects.
